5/14/23

To

Judge Thomas Parker,

I've been a resident of TN
for 23 years and I love my State.

I'm very concerned about
the purpose of SB 003 which was
passed in the House and Senate
and our Governor Lee signed
into effect 4/1/23 and which you
Sir are blocking!

As you very well know this bill
protects the innocence of the
innocent from drag queen shows.

These shows which claim their
family friendly are far from it, and
by NO MEANS are suitable for
every family member (ie children)!

These performance's should be
restricted for Adults only!

They still have the liberty to attend
these shows!

5/14/23

Please see as a concerned
parent and grandmother who cares
about the welfare of children, and
I'm sure you feel the same, please
Please lift your blocking of this
Bill (SB003)

Stand with our Governor and
our representative's and the people
of Tennessee! "Do the Right Thing"

Thank you!

Respectfully

Jolene Barone
